

# CROSS ROADS ESCAPE GAMES

## THE BOX

A portable 10 minute escape game

### SYNOPSIS

---

#### A 10 minute game for 3-5 players

It's 1972 and the doctors have ordered your Hydrotherapy treatment. One player will be locked inside THE BOX. The doctors are hoping this treatment helps calm you and heat the crazy right out. The temperature starts to rise to a deadly level; luckily you have some friends on the outside that can help you get out before you are cooked alive!

This is a spin-off to our full length game, The Psych Ward.

### GROUP SIZE

**We can accommodate groups of 3-5 players every 15 minutes. Up to 20 people per hour.**

We need 5 minutes between games to get the previous group out and the next game started. At the start of each game we take a picture of the group, go over safety, rules, and a brief story. After that, we start the 10 minute countdown.
